

EMBO YOUNG SCIENTISTS FORUM
EMBO Young Investigators meet Turkish Young Scientists

20-22 February | 2008 | Bogazici University | Istanbul | Turkey

Program

Keynote Speaker:

Professor Hermann Bujard
Executive Director
EMBO

(speakers in alphabetical order)

<u>Buzz Baum</u> (EMBO YIP)	University College London London UK	“The generation of biological form”
<u>Anne Bertolotti</u> (EMBO YIP)	MRC-LMB Cambridge UK	“Protein Misfolding in Neurodegenerative Disease”
<u>Michael Boutros</u> (EMBO YIP)	DKFZ Heidelberg Germany	“Dissecting Signaling Pathways by Genome-wide RNAi”
<u>Hikmet Budak</u> (TUBA-GEBIP)	Sabanci University Istanbul Turkey	“Looking through Plant Genomics”
<u>Arzu Çelik</u> (EMBO YIP)	Bogazici University Istanbul Turkey	“Patterning the Retina for Color Vision”
<u>Devrim Gozuacik</u> (EMBO YIP)	Sabanci University Istanbul Turkey	“Autophagy in Health and Disease”
<u>Bassem Hassan</u> (EMBO YIP)	VIB-KU Leuven Belgium	“Proneural Genes in Development and Cancer”
<u>Özlem Keskin</u> (TUBA-GEBIP)	Koc University Istanbul Turkey	“Protein-Protein Interactions: Unifying Evolution and Structure”
<u>Ahmet Koç</u> (TUBA-GEBIP)	Izmir Institute of Technology Izmir	“Role of Antioxidant Genes in Preventing Cellular Aging”

	Turkey	
Karim Labib (EMBO YIP)	Cancer Research UK Manchester UK	“Preserving Genome Stability During the Proliferation of Eukaryotic Cells”
Nesrin Özören (EMBO YIP)	Bogazici University Istanbul Turkey	“Innate Immunity-First Line of Defense Against Pathogens”
Bruno Silva Santos (EMBO YIP)	Institute of Molecular Medicine Lisbon, Portugal	“Immunotherapy in Cancer”
Uygar Tazebay (TUBA-GEBIP)	Bilkent University Ankara Turkey	“Transcriptional Regulation of the Na ⁺ /I ⁻ Symporter Gene in the Mammary Gland”
Antonella Viola (EMBO YIP)	Venetian Institute of Molecular Medicine Padua, Italy	“T-cell Activation”
Ibrahim Yaman (EMBO YIP)	Marmara Research Centre Kocaeli Turkey	““Translational control mechanisms ”
