CS 300 – Data Structures
Summer 2018
3 credits, prerequisites: CS 204

Description
The objective of this course is to introduce fundamental techniques of algorithm analysis, to introduce common data structures, their properties and implementation and to apply C++ programming skills to implement solutions using common data structures to practical problems. It is a “required” course for the CS program as well as it is either “core” or “elective” course for all FENS programs.

Topics to be Covered
- Week 1: Algorithm Complexity Analysis
- Week 2: Linear Data Structures 1 (Linked Lists)
- Week 3: Linear Data Structures 2 (Stacks, Queues)
- Week 4: Trees 1 (Tries, Binary Search Trees)
- Week 5: Trees 2 (AVL Trees, Tree Traversals)
- Week 6: Hash Tables
- Week 7: Heaps (Priority Queues)
- Week 8: Sorting 1 (Insertion Sort, Shell Sort)
- Week 9: Sorting 2 (Heap Sort, Merge Sort, Quick Sort)
- Week 10: Disjoint Sets
- Week 11: Graph Data Structures 1 (Representation)
- Week 12: Graph Data Structures 2 (Dept-First and Breadth-First Search)
- Week 13: Algorithm Design Techniques 1 (Divide and Conquer)
- Week 14: Algorithm Design Techniques 2 (Greedy and Dynamic Programming)

Instructor
Gülşen Demiröz, Office: FENS L015, e-mail: gulsend@sabanciuniv.edu

Teaching Assistants
To be announced

Textbook

Schedule
Recitations: Section A: Thursday 15:40 – 19:30 in FENS G032
Section B: Thursday 11:40 – 15:30 in FMAN G062

Homework
There will be 4 programming homework. They will be assigned and collected at SUCourse. Recitations will be used for clarification about the homework. Late penalty is 10% of full grade (only 1 late day is allowed). If the homework is not done by you, you will get -100 (minus 100). If you do it again, you will fail the class.

Grading Policy
Midterm 1 (30%): July 18 (after the lectures, exact time to be announced)
Final Exam (34%): Scheduled by registrar between August 11-14
Lecture and Recitation Attendance (%4): %2 is left to the TA as “kanaat”
Homeworks (32% total): 4 homework will be assigned and they are not of equal weight

Makeup Policy
If you do miss an exam, you need to show a documented emergency situation (such as a medical report) and notify the instructor before or within 24 hours after the exam date. The instructor reserves the right as to when and how a makeup exam will be granted. The topics for the make-up exams are from everything that is covered in class at the time of the exam.
