

Randomness in Complex Analysis and Complex Geometry

Nesin Mathematics Village, 12-17 June 2022

Invited Speakers:

Gökalp Alpan (Sabancı University, Turkey)

Len Bos (University of Verona, Italy)

Dan Coman (Syracuse University, USA)

Alexander Drewitz (University of Cologne, Germany)

Özgür Kişisel (Middle East Technical University, Turkey)

Norman Levenberg (Indiana University, Bloomington USA)

George Marinescu (University of Cologne, Germany)

Jordi Marzo (University of Barcelona, Spain)

Franck Wielonsky (Aix-Marseille University, France)

Özcan Yazıcı (Middle East Technical University, Turkey)

RCG Workshop 2022 will be held in Nesin Mathematics Village, Şirince (İzmir/Turkey). The workshop is focusing on the probabilistic aspects of complex analysis and complex geometry. Some travel funds are available for graduate students and postdoctoral fellows.
